

getCodes

```
graph LR; A[getCodes] --> B[_findModelClass]
```

A diagram showing a call from the `getCodes` function to the `_findModelClass` function. The `getCodes` function is represented by a gray rectangular box on the left, and the `_findModelClass` function is represented by a white rectangular box on the right. A dark blue arrow points from the right side of the `getCodes` box to the left side of the `_findModelClass` box, indicating the direction of the call.

_findModelClass
