

addUserActions

```
graph LR; A[addUserActions] --> B[addUserAction]; B --> C[setUserActionMap];
```

A flowchart illustrating a sequence of three actions. The first action, 'addUserActions', is highlighted with a gray background. It points to the second action, 'addUserAction', which is in a white box. This second action points to the third action, 'setUserActionMap', also in a white box. All boxes are rectangular with black borders, and the connections are blue arrows pointing to the right.

addUserAction
